

## CHAPTER 8

### REGULATIONS WITHIN ZONES

#### SECTION:

9-8-1: Compliance With Regulations

9-8-2: Schedules Of Regulations

9-8-1: **COMPLIANCE WITH REGULATIONS:** The regulations of each zone set forth by this title shall be minimum regulations and shall apply uniformly to each class or kind of structure or land. Except as hereinafter provided:

- A. **Conformity With Regulations Required:** No building, structure or land shall be used or occupied and no building or structure or a part thereof shall be erected, constructed, reconstructed, moved or structurally altered except in conformity with all the regulations herein specified for the zone in which it is located.
- B. **Prohibited Alterations:** No building or other structure shall be erected or altered:
  - 1. To provide for greater height or bulk;
  - 2. To accommodate or house a greater number of families;
  - 3. To occupy a greater percentage of lot area; or
  - 4. To have narrower or smaller rear yards, front yards, or other open spaces than those provided for herein or in any other manner be contrary to the provisions of this title.
- C. **Minimum Requirements:** No yard or lot existing at the time of passage of this title shall be reduced in dimension or area below the minimum requirements set forth herein. Yards or lots created after the effective date hereof shall be at least the minimum requirements set forth herein. (Ord. 93-6-1, 6-28-1993)

9-8-2: **SCHEDULE OF REGULATIONS:** Zoning regulations shall be as set forth in the following schedules of zoning regulations and in the performance standards contained within chapter 9 of this title. The schedules of zoning regulations are divided into seven (7) land use groups consisting of Agricultural Activities, Agriculture, Communications and Utilities, Manufacturing, Public Assembly, Residential, Services, Sports Facilities and Parks, Trade and Retail, Trade-Wholesale, and Transportation. To determine in which zone a specific use is allowed, it is necessary to find the use in one of the groups and read across the schedule until either the letter "P" or the letter "C" appears

in one of the columns. If the letter “P” appears, the use is a permitted use in that zone. If the letter “C” appears, the use is only allowed upon issuance of a conditional use permit for that zone. If the letters “TP” appear, the use, in that zone, will require a temporary permit prior to its establishment. If no letter appears, the use is prohibited in that zone. The Zoning Administrator shall interpret the zoning chart for groups and uses not specifically mentioned by determining a similar group and/or use listed in the charts. The use as being permitted, conditionally permitted, temporarily permitted or not permitted shall then be determined by review of the appropriate zone for the similar use that is listed on the charts. When several combined land uses exist, or are proposed, the most intensive land use shall be considered as the primary activity. (Ord. 99-10-2, 10-18-1999)
